Welcome to Benton Harbor Charter School Academy!

It is my pleasure to welcome you to the BHCSA family. We believe it takes a strong partnership among students, families, educators, and the greater community to help every child succeed. We are honored that you have entrusted us with your child's education and development.

Serving students from preschool through eighth grade, BHCSA is committed to creating a safe, joyful, and academically rigorous learning environment. Every student matters, and every child deserves the opportunity, support, and encouragement needed to thrive. Our dedicated team—including teachers, paraprofessionals, custodians, food service personnel, transportation staff, and administrators—works together to help students reach their highest academic, social, and personal potential.

Our educational approach balances rigorous, integrity-driven instruction with meaningful social-emotional development. We teach students to advocate for themselves, accept responsibility for their choices, demonstrate strong character, and approach learning with curiosity. Our goal is to prepare students not only for success in high school, but also for college, careers, and the world beyond our doors.

Your partnership is essential to this work. By maintaining open communication, reinforcing shared expectations, and working together in the best interests of our students, we can build a school community where every child feels safe, supported, challenged, and inspired.

This handbook outlines the policies, procedures, and expectations that help our school operate safely and effectively. Please review it carefully with your child and use it as a resource throughout the school year.

Thank you for choosing Benton Harbor Charter School Academy. We are grateful to partner with you and look forward to a year of learning, growth, and achievement.

In partnership,

Sean Hopkins
Principal

[RETURN TO TABLE OF CONTENTS](#)

This calendar complies with Board Policy 8210 and MCL 388.1701, requiring 1,098 instructional hours over a minimum of 180 days.

1.2 School Hours

The regular daily school schedule begins at 8:00 AM and ends at 3:00 PM. Doors open at 7:45 a.m. Students arriving after 8:15 will be considered tardy.

1.3 Attendance and Truancy Policy

Regular school attendance is essential to academic success. In accordance with Board Policy 5200 and state law, all students are expected to attend school each scheduled day and arrive on time. Absences should be reported to the school attendance line by 9:00 a.m. on the day of the absence. Excused absences include personal illness, medical appointments, religious observances, family emergencies, mandated court appearances, and other situations approved by the school administrator. Documentation may be required for certain excused absences.

To address unexcused absences, the school follows a tiered intervention system. At four unexcused absences, the school will notify the parent/guardian and may request a meeting. At seven unexcused absences, a required meeting with school leadership will be scheduled to discuss attendance concerns and support. At ten unexcused absences, the school may refer the student to the local truancy officer, Intermediate School District (ISD) attendance department, or county court system. If a student accumulates ten consecutive unexcused absences without contact from a parent or guardian, the school may initiate withdrawal procedures and report the student as truant to the ISD.

A student may also be identified as chronically absent if they miss more than 10% of enrolled school days, regardless of whether the absences are excused or unexcused. This includes frequent tardiness or early check-outs that result in lost instructional time. In such cases, the school may initiate a formal attendance improvement plan and may consult with the student's academic support team.

If a student's absences are due to a medical, mental health, or physical condition, the school will review whether the student may qualify for protections under Section 504 of the Rehabilitation Act or the Individuals with Disabilities Education Act (IDEA). The school is committed to working with families to ensure all students have equitable access to learning.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

All attendance interventions, parent meetings, referrals, and communications will be documented by the school and reported as required by law. Your partnership in supporting consistent, on-time attendance is critical to your child's success

1.4 Make up Work for Absence from School

Students are responsible for getting and completing any work they have missed due to absence from class. In cases of extended absence of more than five days due to illness, a student may request special consideration for additional time to make up work. Parents/guardians may request this in writing.

1.5 School Cancellation and Communication Channels

Notice of school cancellation is given by announcements on local tv stations WNDU and WSBT, our automated School Messenger family contact service, and other preferred ways of communication used by our individual teachers. The school website and front office will also provide important updates. Families are responsible for keeping contact information up to date at all times.

1.6 School Newsletter

The Academy publishes a weekly newsletter via email. The newsletter contains information about school activities and programs as well as an updated calendar for the month. To reduce waste, we will send newsletters through email, provide links to the newsletter, and request emails through School Messenger.

1.7 Student Privacy and Media Consent

The school is committed to protecting the privacy and safety of all students in accordance with the Family Educational Rights and Privacy Act (FERPA) and internal policy. To honor this commitment, staff and volunteers will not photograph, video record, or audio record students whose parents or guardians have submitted written notice opting out of media permissions.

Upon enrollment, families are asked to complete a media consent form indicating their preferences regarding photography, video, and audio recordings of their student. These images or recordings may be used in newsletters, social media, classroom apps, marketing materials, or news stories that promote the school's mission and culture. If a parent or guardian chooses to opt out, the school will make every effort to exclude the student from any public-facing content.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Classroom- or teacher-directed use of digital platforms (such as communication apps or learning portfolios) that include student photos or videos will not occur if parent or guardian chooses to opt out. This includes apps like ClassDojo, Seesaw, or Google Classroom. Staff will not privately share media content that features students and will only post content through approved school communication channels.

Parents and guardians may update their media consent preferences at any time by contacting the school office in writing. The school will honor all opt-out requests promptly and respectfully.

1.8 Verbal and Written Communication Policy

To promote effective, respectful, and timely communication among families, staff, and school leadership, all concerns or questions should be routed to the appropriate person as soon as possible. Prompt, direct communication fosters collaborative problem-solving, helps avoid misunderstandings, and ensures that each concern is addressed at the right level.

All communications should reflect our shared commitment to respectful dialogue and mutual problem-solving. For urgent concerns that impact a child’s immediate health or safety, please call the school office directly.

The Academy is committed to effective communication with all families. If a parent or guardian has limited English proficiency or requires information in a different language or format, please notify the school office. We will provide translated materials or interpretation services for important school communications and meetings, in accordance with federal and state laws.

1.9 Channels of Communication

To ensure inquiries and concerns reach the appropriate staff member, please reference the chart below:

Topic	Initial Contact
-------	-----------------

Academic progress, classroom behavior, daily schedule, assignments, class procedures, field trips, student-to-student conflict, classroom expectations	Classroom Teacher
School policies, curriculum questions, special education services, behavior support programs, school-wide events, instructional methods, unresolved classroom concerns	School Leader
Attendance, dismissal changes, arrival procedures, school calendar, lost and found, registration/enrollment documents, billing and accounts, schoolwide communications, McKinney-Vento homeless liaison support, parent involvement, and facilities questions	Front Office Staff

1.10 Communication Chain of Command

If a concern is not resolved at the initial level, the following communication chain should be followed in order to ensure the issue is addressed appropriately:

- Classroom Teacher
- School Leader
- Superintendent
- Chief of Staff
- Chief Executive Officer
- Academy Board of Directors – *For concerns that remain unresolved after all prior steps have been followed or that relate directly to board governance.*

Please note: Unless a matter involves an immediate safety concern, legal issue, or regulatory violation, each step should be followed in sequence. Skipping steps may delay resolution or prevent the appropriate context from being considered.

Parents and guardians are always welcome to address the Academy Board of Directors during the public comment portion of their monthly board meetings. While the Board does not respond to public comment during the meeting, all remarks are documented and taken into consideration.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

1.11 Communication Expectations

Teachers and administrators strive to maintain strong, respectful communication with families. To support this, the following expectations apply:

- **Response Time:** Staff will respond to emails and voicemails within one school day, excluding weekends, holidays, and scheduled breaks.
- **Urgent Messages:** Urgent changes (such as end-of-day transportation) must be communicated by phone to the school front office. Staff may not see emails or other messages during instructional hours.
- **Personal Contact:** Calling or texting a staff member's personal phone is discouraged, unless previously agreed upon and contextually appropriate (e.g., field trip emergency). Respecting personal boundaries helps staff maintain focus and balance.
- **Tone and Purpose:** All communication should be courteous, student-centered, and focused on partnership. Constructive, solutions-oriented dialogue is essential to supporting students' growth and wellbeing.

By following these guidelines, we ensure communication is efficient, professional, and respectful of everyone's time and role.

2. Governance and Leadership

2.1 Mission Statement

Benton Harbor Charter School Academy is committed to preparing all students for college by providing a challenging instructional program that focuses on both academics and character development.

2.2 Vision Statement

Providing the tools to empower each child's continued journey to greatness.

2.3 Core Values

- **Integrity:** We believe integrity is a key factor to success. It is a true sign of character when we make the right choice, just because it is the right choice. We are honest with ourselves and our community, even when it's hard.
- **Excellence:** We relentlessly pursue excellence in everything we do. We do not shy away from a challenge, and we do not shy away from achieving our best

work. We believe that we have an obligation to seek knowledge as a means to improve ourselves and our community.

- **Perseverance:** When things get tough, we don't give up. We believe that we must show courage in the face of hardships and face challenges with optimism. We support our peers as they face struggles and work to repair harm when it has been done. In the face of adversity, we unify in order to achieve our individual and collective goals.
- **Curiosity:** We believe that we must be seekers of knowledge. We are responsible for our own learning and often ask the question "why" to gain a deeper understanding. Every minute of our school day is an opportunity to broaden our knowledge and build our background. We take advantage of each moment, rather than wasting time.
- **Leadership:** We recognize the world we live in depends on us to be leaders for change. We believe that we have a moral responsibility to lead and serve those around us. We also believe that our actions speak louder than words. We will pave the way in the pursuit of the justice and equality that our community deserves.
- **Care:** Care is something that we show no matter what. We do not believe that respect and compassion are something we earn, but something we naturally show to those around us and in our community. We also recognize that care goes beyond people, but also to things. We leave our areas cleaner than we found them, we respect the time of others and ourselves, and we show concern for those when they are not at their best.

2.4 Board of Directors, Authorizer, and Management Company

The Board of Directors is the governing body for the Academy. The Academy's Authorizer, Ferris State University, appoints our board members. Meetings are scheduled for the third Tuesday of the month at 5:00 p.m. at the Academy. Special meetings are scheduled when needed. All Board meeting notices are posted at the main entrance of the Academy and are open to the public. Academy Board of Directors contact information is listed on the school website.

The Academy Board contracts with Choice Schools Associates, LLC for management and employment services.

2.7 Governance and Accountability

In alignment with Board Policy 2700, the Academy publishes an annual P.A. 25 Report containing student achievement data, teacher qualifications, and school improvement status. It is available online and upon request.

2.8 Student Rights and Responsibilities

The Academy believes that student growth is best supported in a school environment rooted in safety, dignity, and mutual respect. We are committed to fostering a culture where every student, regardless of age, is valued, guided, and held to high expectations. Students are entitled to protections and privileges guaranteed by state and federal law. With those rights come important responsibilities to their school community.

The following rights and responsibilities form the foundation for how we learn, grow, and relate to one another:

The Right to Civil Dignity

All students have the right to be treated with kindness and respect and to learn in an environment free from bullying, harassment, and discrimination. With this right comes the responsibility to treat others with dignity and to avoid behavior that harms or excludes.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

The Right to Education

Students have the right to attend a tuition-free public school and access a high-quality academic program. They are responsible for attending regularly, engaging fully, and following rules that support a productive learning environment.

The Right to Due Process

Students have the right to fair and respectful discipline, including the right to be heard and to appeal major decisions. They are expected to cooperate with school processes that promote learning and well-being.

The Right to Expression

Students may respectfully express ideas and beliefs, provided their expression does not disrupt learning, compromise safety, or violate community standards for respectful communication.

The Right to Privacy

Students have the right to reasonable privacy in personal matters and educational records. This right is balanced with the school's obligation to ensure safety and comply with the law.

The Right to Support and Belonging

Especially for our younger learners, students have the right to be nurtured, guided, and encouraged by trusted adults. They are responsible for doing their best, following directions, and helping their peers feel safe and included.

Expectations for student behavior, academic integrity, and community responsibility are further detailed in the school's Code of Student Conduct. This document is shared annually and is available at the end of this handbook. Parents and guardians are asked to review it with their children and return a signed acknowledgment form confirming their understanding.

3. Educational Program and Academic Policies

3.1 Educational Philosophy & Curriculum Overview

Benton Harbor Charter School Academy uses the following curriculum:

- English Language Arts: Red Thread
- Mathematics: Eureka Math
- Social Studies: Social Studies Weekly (K-5); Atlas (6-8)

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Science: Mystery Science (K-5); OpenSciEd (6-8)

We also provide offerings of enhancements that include physical education and art.

No matter the grade or the course, we are focused on instruction that builds independent student learning. Grade level teachers plan lessons that are rigorous and provide opportunities for students to demonstrate excellence in their learning. There is a focus on building communication skills, both among their peers and addressing adults, and in supporting one another in knowledge construction.

We believe that all children have the potential to succeed at high levels, and our instruction and our curriculum will support students in being ready for their next step and ultimately ready for the college of their dreams. We know that the human brain is not only wired to learn, but loves to learn and we continually seek opportunities for students to experience the joy of accomplishing difficult tasks.

We know that on occasion some students may need additional support or need to work in a different way, and we have teams of staff to support them, without lessening the quality of their contribution and achievements. We employ an MTSS (Multi-Tier System of Support) that is designed to identify students who may be struggling with a concept or a skill and to provide a quick intervention to get them back on track. You may be notified if your child has been identified for an intervention. Student progress is monitored every six weeks, if a student is back on track, they will seamlessly slide right back in with their peers.

3.2 Field Trips

The Academy supports field trips as meaningful extensions of classroom learning, aligned to curriculum and approved in advance by school leadership. In accordance with Board Policy 2340, any trip that involves overnight travel, goes out of state, or exceeds 100 miles requires prior approval from the Academy Board of Directors. All other trips must be approved by the Educational Service Provider.

Written permission is required for all students attending a field trip. Parents may sign a blanket permission form for walking-distance trips. A separate form is required for each trip involving travel. Emergency Medical Authorization forms must be on file and will be carried by staff on all trips.

A minimum of one adult chaperone per ten students is required, with adjustments based on age or activity. Chaperones must meet the school's volunteer requirements. While on a field trip, students are expected to follow all school rules and the Code of Conduct.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Students with documented unsafe or inappropriate behavior may be excluded from participation at the discretion of the School Leader.

In cases where a student's behavior presents a concern, the School Leader may require a parent or guardian to attend the field trip with the student as a condition of participation. Any parent or guardian attending as a chaperone must complete and pass the school's required background check process prior to attending. Parents and guardians serving as chaperones are expected to model professional, respectful, and appropriate behavior at all times and follow all school expectations and policies while on the trip.

Students will not be denied participation due to financial hardship. Families unable to cover trip costs should contact the School Leader. If a student does not attend, an alternate learning activity will be provided at school.

Teachers will clearly communicate the purpose of the trip, along with key details such as destination, timing, and expectations. Transportation will follow all Board-approved policies.

3.3 Report Cards and Conferences

Academic report cards for all students are distributed quarterly. Parents are encouraged to discuss the information on the report card with their child and to encourage excellence in achievement and behavior. The purpose of report cards is to communicate to parents and students the child's progress on the knowledge and skills the student is working on in class and to provide insight into the child's behavior.

Conferences will be held after the first and third quarters. It is understood that educators shall, if necessary, arrange additional conferences with parents. Conferences with educators must be scheduled during non-instructional time.

3.4 Retention (including K-12 Literacy and Dyslexia Law)

At our school, students in Kindergarten through 3rd grade take state-approved reading assessments three times a year to track their literacy growth. These assessments help us identify students who may need additional support. If your child is not meeting grade-level expectations, you will be notified in writing. When a reading concern is identified, your child will receive an Individual Reading Improvement Plan (IRIP). This personalized plan outlines the specific support your child will receive during the school day and includes activities and strategies you can use at home. You will be involved in developing the IRIP and kept informed of your child's progress through regular updates. Reading support is tailored to your child's needs and may include small group or

one-on-one instruction using proven, evidence-based methods. We value partnership with families and encourage open communication. You are welcome to request a meeting at any time to discuss your child's reading progress or the interventions in place.

Starting in the 2027–2028 school year, all Michigan schools will screen students in Kindergarten through 3rd grade for signs of dyslexia. If characteristics of dyslexia are identified, your child will receive reading intervention that is explicit, systematic, multisensory, and aligned with the science of reading. For students in grades 4 through 12, screening will occur when there is evidence of characteristics of dyslexia or a dyslexia diagnosis. If screening confirms characteristics of dyslexia, students will receive targeted intervention using structured literacy approaches. Instruction will be adapted to meet each student's needs to ensure reading success.

Families play a vital role in supporting literacy development. If your child has been evaluated for dyslexia or a learning disability outside of school, please share that information with us. That information can help guide how we support your child. Additionally, students who qualify may receive services under federal special education law, including the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act.

3.4.1 Other Promotion, Placement, and Retention

Promotion and retention decisions are made individually and are based on a student's academic achievement, progress toward grade-level standards, social and emotional development, attendance, and other relevant factors. The school provides interventions and supports before retention is considered and works closely with families throughout the process.

3.5 Homework

Students in grades K–8 will receive homework Monday through Thursday. Homework is designed to provide students with an opportunity to practice and reinforce skills learned in the classroom.

Homework folders will be sent home with students each Monday and should be returned to school by Thursday. Students should expect approximately 15–30 minutes of homework daily or 60–120 minutes weekly, depending on grade level and individual assignments.

Families are encouraged to ask their child about their homework, review assignments, and provide a quiet, distraction-free environment that supports learning.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

For additional questions about homework expectations or specific assignments, please contact your child's teacher.

3.6 Testing and Assessment

The Academy administers state-mandated assessments at grades 3rd-8th. The Academy also administers a computer-based adaptive assessment in math and reading three times a year in grades K-8, as a requirement of our authorizer and charter contract. This enables us to more effectively and accurately monitor the growth and identify the needs of our students. The results of the state assessment test, and the computer-based test, are used to guide instruction, target individual student needs, and assist in the improvement of curriculum and instruction. Parents and guardians will be sent individual scores of their children when they are available. Test scores will be included in the child's cumulative folder.

Students in Grades K-8 are assessed 3x per year in NWEA MAP—a national assessment in reading and math that measures student growth and achievement compared to millions of students across the nation.

Students in grades K-3 also take literacy assessments that measure their progress in learning to read.

Students in grades 3-8 take the Michigan M-Step assessment in the spring (8th graders take PSAT). This test is a measure of school quality with the state of Michigan, and we want your students to be recognized for their hard work.

Students in grades 3-8 also take an interim assessment in ELA and Math that teachers use to inform instruction for future success on both NWEA and M-Step assessments.

3.7 Social Emotional Learning Program

Our school is committed to fostering the social and emotional well-being of all students. We believe that developing strong social and emotional skills is crucial for academic success, healthy relationships, and overall well-being. Our comprehensive SEL curriculum focuses on building self-awareness, self-management, social awareness, relationship skills, and responsible decision-making. We integrate SEL into our daily learning environment through dedicated lessons, activities, and by incorporating SEL concepts into various subjects. We believe that a positive and supportive learning environment is essential for students to thrive, and we encourage open communication and collaboration between students, teachers, and families to ensure that all students have the tools and support they need to succeed.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

3.8 Character Education Program

The Academy has adopted the "Leader in Me" program to support building student character, leadership, good decision-making, and ownership of behavior. It also provides time in the day for students to express themselves appropriately and builds communication skills that will serve students for a lifetime.

4. Student Support Services

4.1 Special Education and 504 Plans

The Academy to provide appropriate educational programs for children who are identified with disabilities and who have an approved Individual Educational Plan (IEP). The Academy embraces the instructional practice known as inclusion. When the IEP calls for pullout services, the student will be permitted to leave the classroom to work with a properly trained professional special educator. The goal of special education programming is to provide students with an educational program that best meets their individual needs in the least restrictive environment. This means that, to the maximum extent appropriate, students will be provided programs and/or within the regular education classroom with the necessary support.

The Academy enjoys an excellent working relationship with the local intermediate school district or RESA, Berrien Regional Education Services Agency. The BRESA provides a parent resource center which provides parents with comprehensive resources on rights of the disabled, responsibilities of the school, support systems for parents and children, and educational programs available.

If you have concerns about your child's progress, arrange to speak with your child's teacher. For further information on all special education services and programming, contact the school leader.

4.2 Child Find / Academic Interventions

The objective of the Academy is to ensure that the child receives the instruction, support, and services needed to succeed in school. It is the Academy's intention to:

- Engage first in preventative and targeted instruction and intervention
- Design and conduct comprehensive evaluations that identify each student's individual learning needs, ensure proper implementation of Child Find, and determine the most appropriate instructional programs and accommodations

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

based on the student's performance, educational opportunities, and response to high-quality instruction over time.

- Select every component of the evaluation based on its relevance for creating the student's instructional program.

Consistent with the mandates in IDEA 2004, a comprehensive evaluation includes:

- A variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child (Sec. 300.304(b)(1))
- An observation of the student in the learning environment, including the regular classroom setting (Sec. 300.305(a)(1))
- Determination that underperformance is not primarily the result of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency (Sec. 300.309(a)(3)(i-vi))
- Determination that underperformance is not primarily the result of a lack of instruction, i.e., student performance data indicating that the student (a) was provided appropriate instruction in regular education settings delivered by qualified personnel (Sec. 300.309(b)(1)), and (b) received repeated assessments of achievement at reasonable intervals (Sec. 300.309(b)(2)), to ensure that underachievement is not due to lack of appropriate instruction. Additionally, consideration should be given to whether the student's attendance has significantly limited their access to instruction, as chronic absenteeism is strongly correlated with reduced academic achievement.

Also consistent with IDEA 2004, the Academy believes that:

- The determination of a specific learning disability must be made by the child's parents and a team of qualified professionals (Sec. 300.308)
- Parents must be provided with the results of repeated assessments of achievement (Sec. 300.309(b)(2))
- For students participating in a Multi-Tiered Systems of Support (MTSS) program, parents must be notified about their state's policies about the collection of student performance data, strategies for increasing the child's rate of learning, and their right to request an evaluation (Sec. 300.311(a)(7)(ii))
- The MTSS process must not be used to delay or deny an evaluation but should offer data, both academic and behavioral, to help problem solve and analyze issues regarding learning and help inform the development of effective instructional plans for students found to have a Specific Learning Disability (SLD)

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Evidence of a pattern of strengths and weaknesses in performance, achievement or both should be included, and must be designed to help guide the development of the child's instructional program.

MTSS records can indicate whether or not the child (a) achieves adequately for age or grade level when provided with appropriate instruction, and (b) makes sufficient progress to meet age or grade level standards based on the child's response to scientific, research-based intervention. Evidence that the student is improving when provided with general education interventions indicates that the student is not in need of special education services, a requirement for placement in special education.

4.3 English Language Learner (ELL) Services

The school is committed to supporting English Learners (ELs) as they develop proficiency in English while accessing grade-level academic content. In accordance with federal Title III guidelines and the Michigan Department of Education's English Learner policies, the following procedures and supports are in place:

All students enrolling in the school complete a Home Language Survey (HLS) as required by the State of Michigan. If a language other than English is indicated, students are screened for English language proficiency using the WIDA Screener (Grades 1–12) or WIDA MODEL for Kindergarten.

Students identified as English Learners receive instructional support based on their English Language Proficiency (ELP) level. Services may include:

- Designated English Language Development (ELD) instruction
- Push-in or pull-out support from an ELL specialist or trained staff
- Use of appropriate language accommodations and instructional technologies
- Ongoing collaboration between general education and ELL staff

The amount and type of support is determined by each student's ELP level, academic needs, and classroom context.

The school reviews ELL program implementation annually and ensures compliance with Civil Rights obligations, Title I and Title III funding requirements, and MDE guidelines.

4.4 McKinney-Vento Homeless Education Assistance

The Academy is committed to supporting all students, including those experiencing homelessness. In accordance with the McKinney-Vento Homeless Assistance Act, students who lack a fixed, regular, and adequate nighttime residence have the right to:

- Immediate enrollment, even if records are unavailable at the time of registration.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

6. Health and Safety

The health and wellness of our students is a top priority. Families are expected to partner with the school to ensure a healthy and safe environment for all students.

6.1 Illness and Injury Guidelines

Students who are ill must remain at home until they are symptom-free for 24 hours without the use of medication. This includes fever, vomiting, diarrhea, or any contagious condition. Parents and guardians should notify the school office when a student is absent due to illness. The school may require a doctor's note for return in cases of communicable diseases.

The school does not have facilities to care for the children when they are sick. If your child becomes ill while at school, you will be notified using the information you provided on your Child Information Card. Please have a plan so that you, or your emergency person, will be able to pick your child up promptly if necessary. Children should not attend school when the following conditions are present:

- Temperature above 100 degrees.
- Unusual drowsiness, excessive sleep or the child appears ill.
- Vomiting two or more times in a 24-hour period.
- Three or more loose or watery bowel movements in a 24-hour period.
- Body rash with fever.
- Severe cough or difficulty breathing.
- Red swollen eyes or pus draining from eyes.
- Open areas on the skin
- Ringworm, lice, or pinworm.
- Any other confirmed communicable illnesses

6.2 Medications at School

Medications will only be administered at school with written authorization from a parent or guardian and, where applicable, a physician, in accordance with Board Policy 5330. Emergency medications (e.g., EpiPens, inhalers) must be provided directly to the school office in their original containers, accompanied by all required medical documentation.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

6.3 Immunization Requirements

In accordance with Board Policy 5320 and state law (MCL 333.9201 et seq.), all students must provide documentation of up-to-date immunizations or an authorized waiver prior to enrollment or by the first day of school. Acceptable documentation includes an official immunization record, a physician-certified medical contraindication form, or a certified nonmedical waiver issued by the local health department following a vaccine education session. Students without proper documentation may not attend school until requirements are met. When providing health information to families in grades 6, 9, or 12, schools will also include information about the meningococcal and HPV vaccines.

6.4 Physical & Mental Well-being

Our school is committed to supporting the physical and mental wellness of every student. In alignment with Board Policy 8510, we provide age-appropriate opportunities for physical activity throughout the day, including physical education, recess, and movement-based classroom activities. Students are encouraged to develop healthy habits that support lifelong wellness, such as regular exercise, balanced nutrition, and responsible screen use. Our physical education program emphasizes fitness, motor skill development, teamwork, and a positive attitude toward physical activity. We also promote nutrition education and provide clean, safe eating environments with access to fresh drinking water. Families are vital partners in reinforcing these wellness habits outside of school. Together, we aim to support the whole child physically, mentally, and emotionally.

To further support student wellness, we offer access to the School Assistance Program (SAP) through a partnership with Pine Rest Mental Health Services. This program provides free, confidential counseling with up to five sessions per episode of care for students and their household members. Counseling is available for a wide range of challenges including academic stress, anxiety, grief, and family transitions. In-the-moment phone support is available 24 hours a day, 7 days a week.

In addition to counseling, SAP offers families access to:

- Personal Advantage, an online library of articles and tools on health, wellness, legal, and financial topics.
- Wallet Wisdom, a financial wellness resource with calculators, webinars, and planning tools.
- Free consultations on elder care, financial planning, legal concerns, infant feeding, and real estate questions.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

All SAP services are voluntary and confidential. The school is not notified when students or families use the program. Participation in SAP does not affect a student's school record or academic standing.

To access SAP,

- Call 800.442.0809
- press 1, and follow the prompts.
- When prompted, say: "I have a SAP with Benton Harbor Charter School Academy"

You can also visit www.pinerest.org/PAL and enter your school-specific username.

We encourage families to use this resource to promote mental well-being, strengthen family resilience, and support student success.

6.5 Concussion Awareness

In accordance with Michigan law, the Academy provides annual concussion awareness education to families of students participating in any school-sponsored athletic activity.

Before participating, students and their parent/guardian must review a concussion information sheet and sign an acknowledgment form. These forms are kept on file with the school. Coaches and school staff are trained to recognize concussion symptoms and follow proper return-to-play procedures.

If your child is injured during a school activity, we are committed to their health and recovery and will follow all return-to-learn and return-to-play protocols.

6.6 Emergency Contacts / Child Information Card

Each year, families must complete and return an Emergency Medical Authorization Form and Child Information Record. These documents provide critical contact information and medical directives in the event of illness, injury, or emergency. It is the parent or guardian's responsibility to keep this information accurate and up to date throughout the school year. A copy of the form will be maintained in an accessible file in the school office. Staff accompanying students on off-site events, such as field trips, athletic events, and competitions, are required to carry these emergency forms. Please notify the school immediately of any changes in phone numbers, emergency contacts, or medical conditions. Failure to provide updated information may delay emergency care.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

6.7 Student Accident Insurance

The Academy cares deeply about the safety and well-being of all students. At the start of each school year, families are given the option to enroll in a group student accident insurance plan offered through an outside provider. This insurance is voluntary and paid for by the parent or guardian.

Participation in certain school-sponsored athletic, co-curricular, or other higher-risk activities may require families to confirm that the student is covered under an existing insurance policy or to purchase supplemental accident insurance. A signed statement of coverage may be required before a student is allowed to participate in those activities.

Information about available student accident insurance options, including how to enroll, is available in the school office.

6.8 Pesticide Use & Prior Notification

The Academy utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This notice has been provided in compliance with MCL324.8316. We are also required to notify you of your right to review the IPM Plan and IPM records. View the [Prior Notification Request form here](#).

6.9 Asbestos Management Plan

As per AHERA (40CFR 763.80) Rule, the Academy is required to notify all students, staff, guardians, outside contractors, and community members of the availability of the AHERA Management Plan for their inspection and review. A copy of this plan is available at the school office for your review during normal business hours or on the schools transparency website located on their school website. At this time there are no planned asbestos abatement activities for the upcoming year. Should the need for abatement arise, all building occupants and their guardians will be notified in writing in advance.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

6.10 School Safety and Emergency Procedures

The Academy places safety as a high priority. We have many proactive strategies in place that are not only aligned with the law, but are also nationally known best practices.

6.10.1 Standard Emergency Response Plan

To protect the safety of students and staff during emergencies, our school uses the Standard Response Protocol (SRP), a nationally recognized framework developed by the “I Love U Guys” Foundation. SRP is a clear, action-based emergency response model designed to equip schools with consistent terminology and procedures for addressing a range of incidents, including weather events, accidents, intruders, and hazardous conditions.

The SRP provides five specific directives that guide our response to different types of emergencies. These actions are easy to learn, simple to follow, and universally understood within the school community. They are reinforced through routine training and drills throughout the school year.

These five (5) actions are used when SRP is initiated:

HOLD - In your classroom or area
Protocol used when hallways need to be kept clear of occupants.

SECURE - Get Inside. Lock Outside Doors
Protocol used to safeguard people within the building.

LOCKDOWN - Locks, Lights, Out of Sight
Protocol used to secure individual rooms and keep occupants quiet and in place.

EVACUATE - Evacuate may be followed by a location, and is used to move people from one location to a different location in or out of the building.

SHELTER - State the hazard and the safety strategy for group and self-protection.

All staff receive annual SRP and Emergency Operations Plan training. Students participate in required safety drills including lockdown, evacuation, and severe weather scenarios, in full compliance with state law and Board Policy. These efforts ensure that everyone on campus knows how to respond appropriately in various situations.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

In the event of an emergency, families will be notified promptly through our automated messaging system by phone, text, and email as quickly as it is safe and practicable to do so. Should relocation or extended response procedures be necessary, instructions will be shared clearly and promptly. The SRP strengthens the school's overall emergency preparedness by providing a reliable and unified language and approach to safety for staff, students, and families. See 6.10.4 for specific lockdown drill information.

6.10.2 Fire and Tornado Drills

Fire and tornado drills are regularly scheduled to educate students in safe practice in case of an emergency. The teacher will review rules of safety and evacuation routes with students. Evacuation routes and tornado watch locations are posted in each classroom and area of the Academy. The teacher or person responsible for a group of students will take attendance to determine the presence of all students who are in attendance on that day. Students and staff will return to class when the teacher is given approval via verbal or hand signaling by the School Leader or school secretary.

6.10.3 Tornado Emergencies

Students will not be dismissed from school when there is a tornado watch, warning, or actual tornado. During a tornado watch, students will remain inside the building in designated areas, local radio stations will be monitored, and staff will take safety precautions. Students will be released to their parents or guardians, or designated adults as requested. During a tornado warning or tornado, all students and staff members will remain in the building. Everyone will take shelter in designated areas and will follow outlined safety precautions. Students may be detained beyond the usual dismissal time. Parents and guardians who have come to the school to pick up students are encouraged to stay at school until the tornado warning or tornado has passed and safe conditions prevail. Out of respect for parental responsibility for their children, a student will be released to parents and guardians only.

6.10.4 Lock Down Drills

In compliance with Michigan law and in partnership with local law enforcement, the school conducts a minimum of three (3) lockdown drills each school year to prepare students and staff for emergency situations that may involve an intruder or other threat to building security.

Lockdown drills are designed to practice procedures that help keep students and staff safe in the unlikely event of a real emergency. These drills focus on:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Securing classroom doors and limiting visibility
- Remaining silent and out of sight
- Following directions from school personnel and first responders
- Practicing calm, orderly behavior under stress

Drills are age-appropriate and developmentally sensitive. Teachers are trained to communicate the seriousness of the drill while helping students feel safe and supported. Staff are encouraged to review and practice safety procedures in advance with students.

We understand that lockdown drills can be unsettling for some students. Teachers and support staff are available to answer questions and provide reassurance. If your child experiences anxiety related to safety drills, please contact the school so that additional support can be offered.

If a real lockdown occurs, parents and guardians will be notified as soon as it is safe to do so through official communication channels. In such events, parents and guardians should not attempt to enter the building or call staff directly. The safety and accountability of all students depend on uninterrupted emergency protocols.

7. Nutrition and Wellness

7.1 School Meals Program

Our school participates in the National School Lunch Program and School Breakfast Program which ensures access to nutritious meals for all students. Our schools participate in the Community Eligibility Program (CEP), which allows us to offer free meals to each student.

- Breakfast and lunch are available daily, free of charge to all enrolled students.
- Menus are available at the front office and may be emailed.
- Students with food allergies or medical dietary restrictions must have a completed and physician-signed dietary accommodations form on file with the school office. Accommodations cannot be made without this documentation.
- Outside food deliveries (such as DoorDash, Uber Eats, or fast food) are not permitted for students during the school day, including lunchtime. This policy exists to support food safety and minimize classroom disruption.
- Meal times are structured to build student independence and foster respectful, community-centered behavior. Students are expected to clean up after themselves, practice good manners, and follow staff directions at all times.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Please contact the front office with any questions regarding meal service, accommodations, or application assistance. We are committed to ensuring all students have access to safe, healthy meals in a welcoming environment.

7.2 Snacks

Student Snacks, Beverages, and Food Safety

The Academy is committed to promoting student wellness, healthy eating habits, and a safe environment for all students.

Snacks

Students may bring a small, nutritious snack from home to eat during designated times. Snacks should be appropriately portioned, easy to manage, and support student focus and learning.

Beverages

Water is the preferred beverage. Other non-carbonated beverages are permitted; however, soda and energy drinks are prohibited.

Classroom Treats and Celebrations

In accordance with Board Policy 8510, all food and beverages provided on campus during the school day—including classroom snacks, birthday treats, and holiday celebration items—must meet the food and beverage standards approved by the Educational Service Provider.

Food Sharing and Allergy Safety

Students may not share food or beverages. This expectation helps protect students with food allergies, sensitivities, and dietary restrictions. Families must follow all posted classroom allergy guidelines.

Family Notification Responsibilities

If your child has a food allergy or dietary restriction, please notify the school and ensure the information is accurately recorded on the Child Information Card.

These expectations help maintain a safe, healthy, and inclusive learning environment for every student.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

7.3 Birthday Snacks and Holiday Celebrations (individual/optional)

Families may provide a special treat on a child's birthday. We welcome the opportunity to celebrate. Please speak to your child's teacher about birthday treats. Grades K-8 have holiday parties throughout the year. Parties must comply with the Section 7.2.

7.4 School Wellness Policy

The Academy promotes student health and wellness in accordance with Board Policy 8510 – School Wellness Policy. This Board-approved policy supports healthy eating, nutrition education, and regular physical activity through measurable goals and school-wide practices. All foods and beverages made available on campus during the school day, including classroom celebrations, must meet the nutrition standards established by the Board and aligned with USDA guidelines. The policy also encourages parent, guardian, and community participation in the development, implementation, and periodic review of wellness practices.

8. Arrival, Dismissal, and Transportation

8.1 Student Drop-off and Pick-up Procedures

The Academy's arrival and dismissal procedures are designed to ensure the safety and efficiency of student transitions to and from school each day. All students, parents, and staff are expected to follow the established guidelines, including designated drop-off and pick-up locations, traffic flow patterns, and supervision requirements. Families are responsible for ensuring that students arrive on time, prepared for learning, and are promptly picked up at the end of the day. Courteous and respectful behavior is expected from all individuals during these times to maintain a positive and orderly environment. Specific details regarding arrival and dismissal expectations, along with any disciplinary consequences for repeated violations, can be found in the Code of Student Conduct.

8.2 Early Dismissal and Vacation Requests

Early Dismissal

Students are expected to attend school for the full day. On rare occasions, it may be necessary to pick your scholar up early from school. The parent is to notify the school in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the

custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Vacation Requests

The school discourages the practice of taking family vacations on school days or during times other than regular school vacation periods. If a student will be out of school for a family vacation, they will be responsible for making up any work upon returning. When you must schedule a family trip during Academy time, contact your School Leader at least one (1) week in advance to discuss how your child will complete missed assignments. Time given for completion of make up work is (1) day for every day absent.

8.3 Transportation

Parents are responsible for transportation of their children to and from school if they are not using school busing. Parents dropping off or picking up their children are reminded to pay close attention to movement of students and vehicles in the drop off/pick up line at the back of the school or in the parking area at the front. Parents are expected to stay in their vehicle, to go to the front office with any school issues at an appropriate time (not during pick-up/drop-off, and to abide by the flow of the parent traffic lane, not cutting in line, entering in the wrong location, or going against the one way flow. Parents who need to pick up a child who typically rides the bus or vice versa need to let the office know by 2:00 p.m.

Parent and Students bus ridership safety and responsibilities

- Arrive at the bus stop 5-10 minutes early. Drivers have a schedule to meet and will not wait for tardy students. Please ensure you are outside at the bus stop, not inside the car or house when the bus approaches.
- Once the driver cancels its lights or pulls away, DO NOT APPROACH THE BUS.
- Students are expected to get on and off the bus at their designated spots ONLY.
- If a new or different bus stop is needed, you must talk to the Transportation Director and complete a bus transfer form.
- Accept responsibility for your students' actions; students are expected to display good behavior on the bus. Misconduct on the bus will not be tolerated. Student misconduct will result in a bus suspension. Remember, riding the bus is a privilege.
- Cell phone use on the bus is also prohibited and students will be asked to put their device away when devices are present. Cell phones will be taken by the bus driver and given back at the end of the school day.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Bus hopping will not be allowed, to or from school, for different bus stop locations.

All Handbook and Code of Conduct rules extend to the bus and any school sanctioned event on or off campus. Students are under the authority of the bus driver while they are on the bus. The driver is to enforce this Handbook and Code of Conduct and report all student behavior problems to the School Leader who will be responsible for disciplinary action. Failure to follow this Handbook and Code of Conduct while on the bus may result in termination of the privilege of riding the school bus, in addition to other appropriate disciplinary actions. Student behavior problems such as walking around the bus, throwing things, talking back to the driver, hitting, or eating on the bus will first be dealt with a warning to the student and parent/guardian. Continued actions of these offences for students in grades K-8, may result in a single day of bus suspension, then a second, and then a third each time the offence continues. Any additional infractions or anything more extreme will go to the school administration team who will set up a mandatory parent meeting. Consequences for fighting on the bus will depend on the grade level of the student:

K-2 Students	3-5 Students	6-8 Students
Two days of bus suspension	Three days of bus suspension	Five days of bus suspension

Three fights from students in grades K-4 and two fights from students in 5-8 will result in permanent loss of bus transportation. On days of suspension, the parent is responsible for transporting their child to school and attendance absences will not be excused. Bus transportation is a privilege and not following the school policies can result in those privileges being taken away indefinitely.

Kindergarten through second grade parents are also responsible for being at their students' bus stop on time to pick up their child. Repetitive no shows for student pick up will result in student suspensions from the bus. Again, parents will still be responsible for the continued student school attendance of their child. No show problems will be dealt with in the following order of offences: Students brought back to the school 3 times will receive a 3 day bus suspension. Four no shows will result in four days of bus suspension. Five days and beyond will result in five days of bus suspension.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

9. Technology and Internet Use

9.1 Student Acceptable Use of Technology Policy

Students are encouraged to use the Academy's computers, network, devices, applications, and internet access for educational purposes under staff supervision. Students must complete a mandatory training session/program before using Academy Information & Technology Resources and/or being assigned a school email address, in accordance with AG 7540.03 and 7540A. Before being granted access to Academy technology resources or a school-issued email account, students and their parent or guardian must also sign the Academy's Acceptable Use Agreement. These tools support learning, creativity, communication, and research. Use of technology resources is a privilege, not a right, and students are expected to act responsibly, ethically, and legally at all times.

Unauthorized or inappropriate use, including violations of this policy, may result in loss of technology privileges, disciplinary action in accordance with the Student Handbook, and/or legal consequences. Students will receive instruction on the responsible use of Academy technology resources and must sign the Academy's Acceptable Use Agreement before accessing Academy technology resources or receiving a school-issued email account. Parents and guardians are encouraged to discuss responsible technology use with their children and reinforce the expectations outlined in this policy. Students should make choices that reflect both their family's values and the Academy's standards.

The Academy's technology systems, including student use of personal communication devices (PCDs) when on school property, at school events, or connected to school systems, rely on users following the guidelines below.

Students must comply with all Academy-established cybersecurity and acceptable use procedures.

- Parents and guardians may opt out of student use of AI tools if they raise concerns about data privacy, algorithmic bias, or age-appropriateness. A written notice is required for this opt-out. In such cases, the Academy will provide an alternative assignment that fulfills the same academic objectives, subject to teacher approval.

H. STUDENT APPEAL PROCESS

If a student feels that a technology restriction or disciplinary action is unfair:

1. Submit a written appeal to the School Leader within 5 school days of the incident. During the appeal, temporary supervised access may be granted at the discretion of the School Leader and must be documented in writing.
2. The School Leader will respond in writing within 10 school days.
3. If unresolved, the student may request a hearing with the Technology Committee, which will issue a final decision within 15 school days.
4. During the appeal, temporary supervised access may be granted unless it poses a safety or legal concern.

J. DECISION-MAKING PROCESS FOR PERMISSIBLE USE

- To ensure fairness and transparency, a standing Technology Committee will meet at least twice per year to review educational platforms and AI tools, recommend which tools are allowed, and address new digital trends and concerns.
- The committee uses clear criteria to evaluate tools, including compliance with [SOPPA](#), data privacy standards, educational value, safety, age-appropriateness, legality, and alignment with community standards.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

In accordance with the Children’s Online Privacy Protection Act (COPPA), the Academy does not permit websites or online applications to collect personal information from students under 13 without prior verifiable parental consent. Only COPPA-compliant digital platforms that have entered into school-approved agreements may be used with students in this age group. Parents and guardians may request a full list of approved operators and opt out of specific tools.

9.3 Student Wireless Communication Device Policy

Students may use the school office phone to contact a parent or designated caregiver for school-related reasons with permission from a staff member. Families are encouraged to make transportation and after-school arrangements in advance to minimize the need for student phone use during the school day.

For purposes of this policy, wireless communication devices (WCDs) include, but are not limited to, cell phones, smartphones, smartwatches, tablets, earbuds with communication capabilities, smart glasses (including Meta or similar devices), and any other electronic device capable of sending, receiving, recording, storing, or accessing electronic communications, audio, images, video, or internet content.

In accordance with Michigan law, students may not use wireless communication devices during instructional time unless:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- the device is needed to monitor or manage a documented medical condition;
- a teacher or administrator authorizes its use for an instructional purpose;
- the student is using a school-issued device for educational purposes; or
- its use is authorized by school administration during an emergency or other exceptional circumstance.

Schools may establish additional restrictions on the possession or use of wireless communication devices during the school day or at school-sponsored activities to support student learning, safety, and an orderly educational environment.

Unauthorized use of a wireless communication device may result in confiscation of the device, parent or guardian retrieval, progressive disciplinary action, or other appropriate interventions in accordance with the Academy's Code of Conduct.

Students may not use any wireless communication device to photograph, record, livestream, or transmit audio, images, or video of another individual without the express permission of a teacher or administrator, except as required by an approved accommodation. Students also may not use wireless communication devices to harass, intimidate, threaten, bully, discriminate against, or otherwise harm another person, including through the creation or transmission of obscene or sexually explicit material. Such conduct may result in school discipline and, when required by law, referral to law enforcement or Child Protective Services.

Students who bring wireless communication devices to school do so at their own risk. The Academy is not responsible for lost, stolen, or damaged personal devices.

This policy is intended to comply with applicable Michigan law regarding student wireless communication devices and Board Policy 5136. Where Academy expectations are more restrictive than State law, the Academy's expectations shall apply.

10. Enrollment and Student Records

10.1 Enrollment and Re-enrollment Procedures

Families who do not submit completed enrollment paperwork by the stated deadline will forfeit their current seat. If seats become available after the enrollment period, they will be offered to waitlisted students in the order determined by the lottery. Any remaining seats will then be filled on a first-come, first-served basis.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

10.2 Lottery Policy

If the number of applicants exceeds the available seats in any grade, a random lottery will be conducted to determine admission. In accordance with the school's Charter Contract and applicable law, priority will be given to designated applicant groups, such as currently enrolled students' siblings. The lottery will also establish the order of the waitlist.

10.3 Entry Age for Elementary

A child is eligible to enroll in kindergarten if he or she is at least five years of age on or before **September 1** of the school year of enrollment. A child becoming six years of age before December 1 must be enrolled in school on the first day of the school year in which the child's sixth birthday occurs or must satisfy one of the exceptions stated in law. A child must remain in school until at least their

10.4 FERPA Rights and Student Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), parents and guardians and eligible students have the following rights:

- The right to inspect and review the student's education records maintained by the school.
- The right to request the amendment of records believed to be inaccurate or misleading.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except where FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with FERPA requirements.

FERPA rights transfer from the parent to the student once the student turns 18 or enters a postsecondary institution (eligible student). Requests to inspect or amend records should be submitted in writing to the school administration

10.5 Protection of Pupil Rights Amendment (PPRA)

The Academy values transparency and respects the rights of families. Under the federal Protection of Pupil Rights Amendment (PPRA), parents and guardians and eligible students (18 years or older) have the right to:

- Inspect instructional materials and surveys before they are administered.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Be notified of any physical exams or screenings not required by state law.
- Review and decline the sharing of student information with third-party marketers or surveyors.

Questions or concerns may be directed to the school office or school leader.

10.6 Directory Information and Opt-Out Form

According to Board Policy 8330, the Academy may disclose appropriately designated "directory information" without written consent unless the parent or adult student advises the School to the contrary by filling out, signing, and returning the Directory Information Opt-Out Form to the Academy. The primary purpose of directory information is to allow the School to include this information in certain school publications.

The following list of uses are those the Academy would commonly disclose a student's directory information.

Common Uses of Directory Information

- Playbill /Event Program

- Graduation Programs
- Sports and Activity Sheets
- Colleges or post-high school institutions

Directory information, generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or adult student's prior written consent. Two (2) Federal laws require the Board to provide military recruiters, upon request, with three (3) directory information categories, names, addresses, and telephone listings unless parents and guardians or adult students have advised the Academy that they do not want their student's information disclosed without their prior written consent.

Directory Information

- Student's name
- Participation in officially recognized extra-curricular activities/sports
- Height and weight, if a member of an athletic team
- Date of graduation
- Achievement awards or honors received; honor rolls
- Scholarships

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Photographs or videos of students participating in school activities, events, or programs

The Board will make the above information available upon a legitimate request unless a parent, guardian, or adult student has opted out of the provision of this information by returning the Opt-Out Form to the School Office within 14 days of receipt. Directory information will not be provided to any organization for profit-making purposes. If you do not wish to opt out of any of the above common uses, you do not need to take any action.

11. Family Partnership

At the heart of our academy's success is a strong partnership between home and school. We believe that families are more than just supporters of their child's education; they are essential partners in shaping a thriving school community. When schools and families work together, students are more motivated, confident, and successful.

We invite and encourage every family to be actively engaged in their child's academic, social, and character development. Whether through volunteering, attending events, or participating in classroom and school-wide activities, your involvement makes a meaningful impact. Together, we create a culture where every child is known, supported, and inspired to reach their fullest potential.

As outlined in the BHCSA Family Commitments (located in the Code of Conduct section), families agree to uphold shared values such as respect, responsibility, communication, safety, and support for restorative practices. Together, we create a culture where students are known, held accountable with dignity, and inspired to grow.

11.1 Partnership in Responsibility Statement

At Benton Harbor Charter School Academy, we believe that student success is rooted in a strong, respectful partnership between families, staff, and students. This partnership is built on shared goals, mutual accountability, and a commitment to doing what is best for children.

The BHCSA Family Commitments, referenced in the Code of Conduct section, serve as a foundational agreement outlining the expectations of all stakeholders. Families commit to supporting attendance, behavior, communication, and readiness to learn. In turn, the school commits to fostering a safe and supportive environment, using restorative practices to guide behavior, and communicating consistently with families.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

This is our Partnership in Responsibility, one in which parents, students, teachers, school leaders, and support staff work together with trust, consistency, and care to ensure every student at BHCSA thrives.

11.2 Parents' Rights and Responsibilities

At our academy, we believe in the foundational role families play in a child's education. We recognize that parents and guardians have a constitutionally protected right to direct the upbringing, education, and care of their children, and we strive to work in full partnership with families while upholding our responsibility to provide a safe, inclusive, and academically rigorous environment for every student.

Our school is committed to transparency, open communication, and meaningful collaboration with parents. We value feedback, encourage involvement, and expect that all interactions between families and staff remain courteous and constructive.

Families have the right:

- To know that their child is cared for in a safe, supportive environment.
- To access their children (unless prohibited by a court order).
- To review curriculum and request that their child be excused from instructional content that conflicts with their sincerely held religious beliefs, in accordance with applicable law.
- To receive timely communication about behavioral, health, safety, or academic concerns affecting their child.
- To access school staff during normal school hours, by appointment.
- To review teacher credentials in alignment with Board Policy 2261.02 BP.
- To review their child's educational records in accordance with FERPA (Family Educational Rights and Privacy Act).
- To participate in public comment at board meetings and engage in school governance as permitted by law.

Parents and Guardians Have the Responsibility To:

- Provide accurate and up-to-date emergency and contact information to the school.
- Notify the office promptly when their child will be absent or late.
- Follow school procedures for drop-off, pick-up, early dismissals, and other attendance-related matters.
- Cooperate with staff to support their child's academic, behavioral, and social-emotional development.
- Communicate respectfully with teachers, administrators, and school staff.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Stay informed by reading school communications and reviewing school policies outlined in this handbook.
- Inform the school of significant changes at home (e.g., custody arrangements, family transitions, trauma) that may affect the student's behavior or wellbeing at school.
- Model positive engagement by attending parent-teacher conferences, school events, and educational workshops when possible.

We ask all parents and guardians to view themselves as active partners in our school community. When home and school work together in trust and transparency, children thrive.

11.3 Helping Your Child Succeed

Parents and guardians play a critical role in a child's academic, emotional, and behavioral success. When families create consistent, supportive routines and maintain a positive attitude toward learning, students are more confident, motivated, and prepared to thrive.

To help contribute to a strong foundation for your child's success at school, consider the following:

- Begin each day calmly. A peaceful start helps your child feel ready to learn.
- Ensure adequate sleep. Well-rested students are more focused, emotionally regulated, and better equipped to meet academic challenges.
- Promote healthy eating habits. A balanced breakfast and nutritious meals support energy, mood, and brain function.
- Establish consistent routines at home. Predictable mealtimes, screen time limits, bedtimes, and dedicated study time create a secure environment and reduce stress.
- Support regular school attendance. Every day of instruction matters. If your child is healthy, send them to school ready to learn. If they are sick, allow them to rest and recover at home.
- Celebrate effort and growth. Praise your child's hard work, progress, and perseverance, not just high grades or outcomes.
- Stay in communication with teachers. Share information about family situations or changes that may affect your child's mood, focus, or behavior.
- Designate a home base for school materials. Create a special place for backpacks, school papers, and communication from teachers so nothing gets lost in the shuffle.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Encourage daily reading. Read to your child, listen to them read, or talk about what they're reading independently. Model lifelong learning by reading for pleasure yourself.
- Promote independence. Teach your child to take responsibility for their belongings, complete tasks on their own, and ask for help when needed.
- Practice school skills at home. Reinforce what your child is learning by reviewing concepts, playing educational games, or completing short review activities together.

Your encouragement, consistency, and involvement send a powerful message to your child that learning is valuable and worth the effort. A strong partnership between home and school lays the groundwork for lifelong success.

11.4 Parent-Teacher-Student Compact

The Student-Parent-Teacher Compact outlines the shared responsibilities of families, school staff, and students to support academic achievement and a positive school environment. It includes specific commitments from students, parents or guardians, teachers, and the principal. This compact is an important part of the Academy's family engagement efforts and is included in the Code of Conduct to ensure all stakeholders understand their role in fostering student success.

11.5 Volunteer Guidelines and Background Checks

The Academy welcomes and encourages volunteers to support our school community. All volunteers must undergo a national background check conducted through Navigate360, the Academy's visitor management system. This check ensures individuals have not been charged with child abuse, neglect, or serious criminal offenses.

The Academy reserves the right to approve or deny volunteer service based on the results of the background check and the individual's fitness to work with children. Providing false or misleading information, or discrepancies between submitted information and background check results, may result in immediate denial or revocation of volunteer privileges.

All volunteers must sign in at the front office using Navigate360 upon arrival. A visitor badge will be printed and must be worn visibly at all times while on school grounds. Volunteers are expected to comply with all Academy policies and maintain confidentiality regarding any student information seen or heard during their service.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Volunteer opportunities may include tutoring, mentoring, classroom assistance, chaperoning, or speaking engagements. Parents, grandparents, and friends are invited to become involved. Please notify the school office if you are interested in volunteering.

To support student safety, volunteers should avoid using cell phones while working with students. Volunteers may not bring younger siblings to school or on field trips without prior approval from the School Leader.

In accordance with Board Policy 9150, the School Leader may deny or revoke visitor access if necessary to protect school safety or minimize disruption.

11.6 Fundraising

Students may solicit only for Academy-sponsored activities. The School Leader, or Board of Directors, when appropriate, must approve fundraisers in writing prior to announcement of fundraising activities, placing orders, or making commitments. Academy students are prohibited by Board Policy from door-to-door solicitation of any type in the community. There will be no exchange of money among students for any purpose unless authorized by the School Leader. Any crowd-sourced fundraising requires School Leader approval.

12. Student Life and Conduct

12.1 School Wide Behavior - PBIS

Students at the Academy have the right to be treated with respect and dignity by both staff and classmates. All students should be included and made to feel welcome in school activities. Teachers promote internal discipline, and staff act as coaches to help students reflect on their choices and grow.

Positive Behavioral Interventions and Supports (PBIS) is a research-based, schoolwide framework designed to teach and reinforce positive behavior, much like academic subjects are taught. It does not eliminate consequences or discipline. Instead, PBIS ensures that expectations are clear, consistently taught, and fairly applied so that students understand how to meet them.

PBIS strengthens the school culture by:

- Providing clear behavior expectations across all settings.
- Modeling and practicing these expectations regularly.
- Teaching students what to do, not just what not to do.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Offering consistent consequences when rules are broken, ranging from redirection to formal discipline.
- Supporting students with the tools to succeed before behaviors escalate.

At BHCSA, our school community believes that discipline is a learning process. Staff use restorative practices and logical consequences to help students understand the impact of their actions, repair harm, and develop essential life skills. Students are taught how to behave in ways that build relationships and prepare them for academic and professional success.

We attempt to redirect students using the least invasive strategies first, followed by engagement in restorative conversations, independent work time, or, in cases of gross misbehavior, suspension. Our leveled behavior response system outlines consequences and supports aligned with the severity and frequency of behavior. Families play an active role through restorative conferences, family shadow days, and re-entry meetings.

Our PBIS and restorative approach supports student accountability, protects instructional time, and creates a safe, positive, and inclusive environment where all students can learn and thrive.

12.2 Suspension and Expulsion Procedures

Detentions, in and out of school suspensions, and/or expulsions are levels of consequences that are administered to students who demonstrate disobedient, disruptive, violent, disrespectful, or otherwise harmful behavior at school. Any student who has been suspended during the course of the school year may be ineligible to attend overnight field trips as a result. A student whose presence creates, or is likely to create, a specific threat or risk to the safety or well-being of the school community or any of its members will be suspended or expelled from school. The Code of Student Conduct clearly spells out the responsibilities of parents and students, appropriate and inappropriate behaviors, and consequences for unacceptable behaviors.

If a student's behaviors result in a discipline recommendation over 10 days suspension or expulsion, the school will consider the mitigating factors involved and consider using Restorative Practices as an alternative, or in addition to, suspension or expulsion. Please see the Code of Conduct for more information.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

12.3 Seclusion and Restraint

The Academy complies with Michigan's policy prohibiting seclusion and restraint except in cases where a student's behavior poses an imminent risk to the safety of the student or others. All interventions used are in accordance with state law and staff are trained annually in approved techniques. A written report will be provided to the student's parent or guardian if such an incident occurs.

12.4 OK2Say Student Safety Reporting

The safety and well-being of our school is a shared responsibility. We utilize OK2SAY as our confidential student safety reporting program. OK2SAY is for students to report concerns such as threats of violence, bullying, self-harm, abuse, or other behaviors that may place someone at risk. The Academy encourages students to see something, say something.

Reports are received and evaluated by the Michigan State Police OK2Say program and then reported to school officials for follow-up. Every report is taken seriously. Students are encouraged to report concerns to a trusted adult whenever possible, and OK2SAY is available 24/7 as a confidential reporting option.

In accordance with Michigan law, OK2SAY information is available on the Academy's website.

12.5 Threat Assessment and Management Policy

Our school uses the Michigan K-12 Behavioral Threat Assessment and Management (Mi-BTAM) model as part of a proactive and student-centered approach to promoting safety and well-being. BTAM is an evidence-based process designed to identify, assess, and manage threatening or concerning behaviors before they escalate. It is not a disciplinary tool or criminal investigation, but rather a compassionate intervention process focused on violence prevention and student support.

When behaviors arise that could pose a threat to school safety, a multidisciplinary team composed of school administrators, mental health professionals, special education staff, and others trained in BTAM protocols collaborates to assess the situation. The team uses a fact-based, case-specific process to gather information, evaluate concerns, and develop an individualized support and intervention plan that addresses both student needs and school safety. Information may be gathered through interviews with students, staff, parents or guardians, review of relevant school records, and other lawful sources to develop a complete understanding of the situation and identify appropriate interventions. The process respects the rights of students under applicable laws,

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and the Family Educational Rights and Privacy Act (FERPA).

In situations where a student with an Individualized Education Program (IEP) or Section 504 plan is involved, the BTAM team works closely with the student's special education team to ensure compliance with legal requirements and to develop supports tailored to the student's unique needs. The emphasis is on early identification and positive intervention, not punishment or exclusion. BTAM is not zero tolerance, profiling, or adversarial in nature. It is a thoughtful, student-focused practice designed to foster a safe and inclusive school culture.

Parents and guardians are important partners in the BTAM process. School leaders may speak with students during the school day as part of the BTAM process when necessary to evaluate and address potential safety concerns. While parental permission is not required for these conversations, the Academy is committed to involving parents and guardians as early as appropriate in the process, unless immediate notification would compromise student safety or the integrity of the assessment. Families will be informed of concerns, the steps being taken to support the student, and opportunities to participate in developing intervention and support plans. The school is committed to handling all matters with discretion and respect while protecting the privacy of those involved and fulfilling its responsibility to maintain a safe school environment.

12.5.1 Digital Safety

The Academy takes digital safety seriously. We reserve the right to monitor student use of district networks and internet access. Students should report security concerns to staff immediately. All students should use technology responsibly and safely, all users must follow the Acceptable Usage Policy. See section 9.1 for more information.

12.5.2 Digital Threat Prevention

Protecting students extends beyond the school building. When the Academy becomes aware of credible concerns involving threats of violence, suicide, self-harm, exploitation, or other behaviors that may jeopardize school safety, trained personnel may review publicly available online information as part of the Behavioral Threat Assessment and Management (BTAM) process. Reviews are conducted only when there is a legitimate safety concern, follow applicable laws and Board policy and are intended to identify students who may need intervention or support before a crisis occurs. The Academy does not require students to provide passwords to personal social media accounts.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

12.6 Mandatory Reporting of Child Abuse or Neglect

All staff members at the Academy are considered mandated reporters under Michigan's Child Protection Law. This means they are legally required to report any suspected abuse or neglect of a child to the Michigan Department of Health and Human Services. Reports are made to protect the safety and well-being of all students and are kept confidential to the extent allowed by law.

12.7 Playground and Lunchroom Behavior

Students are provided with the opportunity to engage in unstructured, open-ended, social interaction during recesses. Recess time is supervised by a staff member who is responsible for student safety. Equipment such as skateboards and scooters are not allowed at school.

Children are expected to maintain the same level of respect on the playground as in the classroom. Respect for self, others and materials is essential. Students who disregard this will lose the privilege of recess until the next day where they have a chance to make a different choice. Recess is an important part of the total curriculum. When recess is held outside, ALL STUDENTS ARE EXPECTED TO GO OUTSIDE. A student may be excused from recess for one day with a note from the parent/guardian. Extended excuses will be honored upon receipt of a physician's note. Parents are responsible to see that their child is dressed appropriately for the weather.

While on the playground, students are expected to:

- Use playground equipment and structures carefully
- Play within the designated areas and boundaries
- Share equipment and follow the rules of the game
- Leave all personal items at home that may be damaged or endanger the safety of others. (The building School Leadership Team member is authorized to make judgments on these items.)

Breakfast and Lunch Behavior

Breakfast and lunchtime provide students with another opportunity to practice social skills in an informal structured environment. During this time students are expected to: speak softly and be considerate of classmates, remain seated while eating, clean up after themselves, and be courteous to the people in charge.

Cafeteria Rules

- Students are expected to follow the Code of Student Conduct.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Students are expected to sit while eating.
- Students are to use quiet voices when conversing with other students.
- Students are expected to use good table manners and to clean up after eating.

12.8 Interrogations and Searches

12.8.1 Student Searches by School Staff and Privacy

In accordance with Board Policy 5771 and to maintain a safe and orderly learning environment, school administrators may search student belongings when there is reasonable suspicion that a school rule or law has been violated. This includes backpacks, bags, lockers, desks, cubbies, electronic devices, vehicles on school property, and other personal belongings.

Students do not have a reasonable expectation of privacy in school-owned property, including lockers, desks, and other school-issued storage areas. These areas may be inspected at any time and are subject to routine checks.

Searches of a student's person or intimate personal belongings will occur only in exceptional circumstances when the health or safety of the student or others is immediately threatened. Such searches will be conducted by a staff member of the same gender, with another adult present whenever practical, unless immediate action is necessary to protect health or safety.

When practical, the student will be informed of the reason for the search and the items the school is seeking. Items prohibited by law or Board policy may be confiscated and turned over to law enforcement or other appropriate authorities when required. Parents or guardians will be notified as appropriate.

The school may coordinate with law enforcement to conduct canine searches of lockers, vehicles, or common areas when appropriate. These searches do not include the search of an individual student without the legal authority required by law.

All searches will be conducted respectfully, privately, and in accordance with Board Policy 5771. Written documentation of the search and any items confiscated will be maintained by the School Leader.

12.8.2 Interrogations by Law Enforcement or Outside Agencies

The school has legal custody of students during the school day and at school-sponsored events. Consistent with Board Policy 5540, it is the responsibility of school leadership to protect students' rights during any interaction with law enforcement or outside agencies.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

When a student is questioned at school by law enforcement or agency officials:

- A school administrator or designee will be present during the interview. If no school representative is immediately available, questioning will be delayed until one can be present unless there is an immediate safety concern.
- The school will make every reasonable effort to notify a parent or guardian before the interview. This includes contacting all emergency phone numbers on file, leaving voicemails when possible, and emailing all addresses on record. Unless there is an imminent threat to health or safety, questioning will be delayed for up to one (1) hour to allow for a parent or guardian to respond.
- If a student is taken into custody, the school will request that law enforcement follow all applicable legal procedures, including informing the student of their legal rights.

As required by law and outlined in Board Policy 5540, representatives of the Michigan Department of Health and Human Services or other authorized child protective agencies may interview students on school premises without parent notification or school staff presence when investigating suspected child abuse or neglect. School personnel do not participate in or attend these interviews.

12.9 Non-Discrimination and Sexual Harassment

The Academy does not discriminate against applicants, employees, or students on the basis of race, color, religion, sexual orientation, gender, gender identity, disability, age, national origin, political belief, marital status, sex, age, height, or weight in its programs or activities. In addition, students and families who believe they have experienced discrimination based on race, color, or national origin may file a complaint under Title VI of the Civil Rights Act of 1964. Complaints may be submitted through the school's internal grievance process or directly to the Michigan Department of Education, Office of Civil Rights, or the U.S. Department of Education, Office for Civil Rights.

Sexual harassment will not be tolerated in Academy employment practices and/or educational programs or activities.

Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Age Discrimination Act of 1975, or any other federal or state regulations, may be directed to the School Leader, the Michigan Department of Education, or the Director of the Office of Civil Rights, U.S. Department of Education.

Sexual Harassment

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

The Academy is committed to providing a working and learning environment based on dignity and respect, free of harassment or intimidation. All those associated with the Academy are expected to foster a climate that is supportive, respectful, and conducive to teaching and learning. Title IX of the Education Amendments of 1972 (Title IX) and the Department of Education's implementing regulations prohibit discrimination based on sex in federally assisted education programs and activities.

"Sexual harassment is unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student can deny or limit, based on sex, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. Sexual harassment of students is, therefore, a form of sex discrimination prohibited by Title IX under the circumstances provided in this guidance" ("Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, U. S. Department of Education, Office for Civil Rights, January 2001).

Sexual harassment is among the behaviors that are destructive to a positive working and learning climate, and as such is prohibited by state law, federal law, and school board policy. Any member of the school community who engages in sexual harassment as defined below will be in violation of this policy. The Employee Manual is explicit in its discussion of sexual harassment and consequences of inappropriate behavior by employees.

This policy encompasses behavior of adults towards adults or students, and students towards students or adults.

DEFINITION:

It is a violation of this policy when a person makes any sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejections of advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of benefits, privileges, employment or placement services or as a basis for the evaluation of academic achievement; or such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's education or career by creating an intimidating, hostile, humiliating or sexually offensive educational or employment environment.

Sexual harassment, as defined above, may include, but is not limited to, the following:

- Verbal or written harassment or abuse,
- Pressure for sexual activity,
- Repeated remarks to a person with sexual or demeaning implications,
- Unwelcome touching,

[RETURN TO TABLE OF CONTENTS](#)

- Suggesting or demanding sexual involvement accompanied by implied or explicit threats including, but not limited to, one's grades, and job.
- Display of lewd or sexually explicit materials, inappropriate jokes, or language of a sexual nature.

RESPONSIBILITIES:

All persons associated with the Academy are responsible for:

1. Ensuring that his/her behavior does not sexually harass any other person associated with the schools.
2. Reporting any observed or experienced harassment or mistreatment immediately to the Sexual Harassment Grievance Officer and cooperating fully in the investigation of alleged sexual harassment; and
3. Actively participating in the Academy's effort to prevent sexual harassment in the schools.

Retaliation of any form, including threats, intimidation, reprisal or harassment, towards any person who makes a sexual harassment complaint, or who assists in or participates in an investigation, proceeding, or hearing is unlawful and will not be tolerated and can be considered grounds for dismissal of staff and/or removal of a student from school.

FALSE REPORTS:

False (fabricated) claims of sexual harassment can cause permanent damage to the victim of such claims and must therefore be treated as a very serious matter. A false claim may be considered grounds for dismissal of staff, or discipline including the removal from the educational setting for a student, who makes a false claim.

CONFIDENTIALITY:

Reports and complaints of sexual harassment will be kept as confidential as possible consistent with the rights of all parties.

SEXUAL HARASSMENT GRIEVANCE OFFICER:

The Board of Directors has appointed the Chief Administrative Officer, or their designee, as the Grievance Officer who will be responsible for processing all sexual harassment complaints in accordance with the procedure outlined below.

COMPLAINT PROCEDURES:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, the victim should make clear to the harasser that the behavior is offensive and must stop. If the victim is uncomfortable in addressing the harasser they should be made to feel

comfortable talking to a trusted adult or a member of the school leadership team. If the harasser does not stop the behavior or the victim is uncomfortable confronting the harasser, or if the behavior warrants further action in the opinion of the victim, the victim should lodge a complaint with the School Leader/Title IX officer/contact.

2. Upon receipt of a written formal complaint submitted by the complainant, their parent or guardian, or signed by the Title IX Coordinator, the school will initiate the Title IX grievance procedure in accordance with 34 CFR §106.45. The respondent is presumed not responsible for the alleged conduct until a final determination is made following a thorough and impartial investigation. The complaint should be as specific as possible, including names, dates, times, places, witnesses, and specific words or actions which were experienced as offensive. In cases involving students, the student's parents and guardians will be notified immediately of the complaint, the steps to be followed, and the ways in which they will be involved in the process.
3. All complaints of sexual harassment will be promptly investigated. Depending on the circumstances, the investigation may encompass any or all of the following:
 - a. The alleged victim may write a letter to the alleged harasser describing the offensive behavior, the circumstances under which it took place, the way the behavior made the victim feel, and requesting that the harasser apologize and promise not to repeat the behavior. The School Leader/Title IX officer or assigned investigator will then meet with the alleged harasser, hear the harasser's account of the situation, present the victim's letter, and discuss the matter.
 - b. Where appropriate in the opinion of the School Leader/Title IX officer or assigned investigator a meeting will be held between the alleged victim and the alleged harasser to clarify the facts and to attempt to mediate a resolution.
 - c. The School Leader/Title IX officer or assigned investigator may interview all parties and witnesses to the alleged harassment.
4. In cases of alleged student harassers, the School Leader/Title IX officer or assigned investigator will determine if these facts constitute harassment. Disciplinary consequences such as detention, suspension, or expulsion consistent with school rules may be implemented. In cases of alleged adult harassers, the School Leader/Title IX officer or assigned investigator will report the facts of the alleged harassment and will determine if these facts constitute harassment. The School Leader/Title IX officer or assigned investigator will recommend to the Board of Directors appropriate action, which could include disciplinary action up to and including termination of employment by Choice Schools Associates, LLC.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

5. If disciplinary steps are taken, copies of the reports of facts and the written decision will go to the harasser, the personnel file in cases of adult harassers, and to the parents and guardians in cases of student harassers. The victim, and his or her parents, if the victim is a student, will also be informed of the determination as to whether harassment occurred.
6. Repeated or extreme forms of harassment, violence, or civil rights infringements will result in a recommendation for expulsion or termination from the Academy.

The School Leader/Title IX officer or assigned investigator will make complete records of all sexual complaints, facts, steps taken, determinations, and resolutions, and those records will be securely maintained in the School Leader's office for a minimum of seven years, or longer if required due to ongoing litigation, appeals, or state/federal audit requirements.

The Academy follows a Title IX grievance procedure consistent with 34 CFR §106.45. This includes a clear standard of evidence (preponderance of the evidence), offering supportive measures regardless of whether a formal complaint is filed, and ensuring equitable treatment of complainants and respondents. In accordance with Title IX regulations, K–12 schools are not required to hold live hearings as part of the grievance process. Instead, a trained, impartial decision-maker will objectively review all evidence gathered during the investigation and make a final determination based on the preponderance of the evidence standard. Both parties will have equal opportunity to submit and review relevant documentation and to appeal the final outcome.

The school does not presume the respondent responsible prior to the conclusion of the investigation.

STATE and FEDERAL REMEDIES:

In addition to the above, if someone believes he/she has been subjected to sexual harassment, he/she may file a formal complaint with either or both governing agencies set forth below. The complaint process does not prohibit filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days: MCAD - 6 months).

1. The United States Equal Employment Opportunity Commission (EEOC)
2. State of Michigan

12.10 Title VI Non-Discrimination Policy

Any student or parent/guardian who believes they have been subject to discrimination under Title VI may contact the School Leader or designated Title VI Coordinator to file a concern or complaint. The Academy will respond promptly and equitably to all reports.

12.11 Tobacco/Smoke-Free School Zone Policy

In accordance with Michigan law and the Michigan Clean Indoor Air Act, the use or possession of tobacco products, including smokeless tobacco, electronic cigarettes (e-cigarettes, vapes), and any nicotine-delivery device, is strictly prohibited at all times in school buildings, on school grounds, in school vehicles, and at school-sponsored events, regardless of location.

This policy applies to all individuals: students, staff, volunteers, and visitors. Violations by students will result in disciplinary consequences as outlined in the Code of Conduct. Violations by staff or visitors may result in removal from the premises and referral to appropriate authorities.

12.12 Drug and Alcohol Use Policy

The use, possession, distribution, sale, manufacture, or being under the influence of illegal drugs, controlled substances, look-alike substances, drug paraphernalia, or alcoholic beverages is strictly prohibited on school property, during school hours, and at any school-sponsored event or activity, whether on or off campus.

Violation of this policy will result in disciplinary action, which may include suspension or expulsion, as well as notification to law enforcement and parents or guardians. The school retains the right to require medical evaluation or drug testing when there is reasonable suspicion of substance use.

In accordance with Michigan law and school board policy, students may be referred for educational or rehabilitative services when appropriate.

12.13 Weapons and Dangerous Objects Policy

In accordance with the federal Gun-Free Schools Act and Michigan state law, students shall not possess, use, transport, handle, or conceal any dangerous weapons or look-alike weapons on school property, in school vehicles, or at school-related functions.

A dangerous weapon includes, but is not limited to: firearms, knives, stun guns, explosives, air guns, and martial arts weapons. “Look-alike” weapons that appear to be real or are used in a threatening manner will be treated as actual weapons.

Possession of a firearm on school property, in a school vehicle, or at a school-sponsored event will result in a mandatory expulsion of at least one school year, as required under the Gun-Free Schools Act and MCL 380.1311. The expulsion may be modified by the Board of Directors on a case-by-case basis. All dangerous weapon incidents will be reported to law enforcement in accordance with MCL 380.1313.

This policy applies to all students and is enforced without exception.

Code of Student Conduct Positive Discipline Support Plan

“A Partnership in Responsibility”

Revised August 2026

Introduction

Character Education Code of Student Conduct

The Code of Student Conduct provides behavior guidelines for development of good social skills, students as responsible citizens, and accelerated learning school culture. All stakeholders—students, parents, administration, faculty, and support staff—enter a partnership in responsibility to build positive character in our students that prepares them for college, work, military, parenthood, and community service.

Our Character Choices program empowers students with the knowledge, skills, attitudes, and opportunities to become responsible members of the home, school, and community. The nine character traits are the following:

[RETURN TO TABLE OF CONTENTS](#)

- Respect
- Responsibility
- Cooperation
- Compassion
- Good Judgment
- Integrity
- Perseverance
- Courage
- Citizenship

The nine character traits represent values of responsible citizenship and empower students with the discipline to be lifelong learners and enlightened citizens in a diverse society.

Everyone has rights and responsibilities. The Code of Student Conduct attempts to preserve individual rights in the school community and deliver academic excellence in a safe, emotionally secure community of learners. Diversity is our strength, and we pursue productive classrooms where all students find meaning, dignity, and sense of community.

The overarching goal of the Code of Student Conduct is to teach students self-discipline and good social skills. We want to keep students in school. Our Positive Discipline Support Plan provides a framework for progressive and constructive discipline practices and in-school interventions for minor misbehaviors. Out of school suspension is reserved for serious infractions of the Code of Student Conduct.

Parents are our most valuable partners. We seek your cooperation and participation in the ongoing development of your child's academic knowledge, skills, and attitudes and social skills. We encourage you to read and review the Code of Student Conduct with your child and encourage acceptable behavior at school.

SECTION A: A PARTNERSHIP IN RESPONSIBILITY

The Academy is committed to respect for the rights of others. Rules governing discipline and conduct are written so that parents, students, teachers, and the Principal know what is expected of students. By working together under clearly stated and consistently enforced regulations, we can administer firm, fair and consistent discipline practices as called for by the US Department of Justice.

Parents, teachers, staff, the Principal, and the Board of Directors are responsible for helping students develop self-discipline and learn social skills required for work and college. The Code of Student Conduct delineates the partnership that the school and the larger-community share across several broad concepts.

Environment, which includes the climate of the school.

Education, which includes preparation and work habits.

Respect, which includes treatment of others.

Participation, which includes involvement in school activities; and

Expression, which includes dress and verbal and nonverbal issues.

These broad concepts appear in each statement of responsibilities contained in this handbook.

Beliefs

The following beliefs guided the development of the Code of Student Conduct:

1. That schools must be safe and secure for students and staff.
2. That students have rights and responsibilities in the learning environment.
3. That the school is for instruction and learning, and anything that distracts from the learning process must be dealt with by the Principal, faculty, and staff within progressive and positive discipline practices.
4. That students and their parents should be knowledgeable of school and classroom rules.
5. That students have a responsibility to exercise self-control over their own behavior and that teachers and support staff have the responsibility to teach students good social skills and acceptable behaviors.
6. That the responsibility for discipline is shared among students, school personnel, the Board of Directors, and parents.
7. That the school respects differences in discipline practices at home as

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- long as they are within parameters of the law.
8. That students who violate school and classroom rules must be afforded their rights to due process, which are procedurally, morally, and legally fair and correct.
 9. That students, when they violate school and classroom rules, should be assigned corrective measures with the purpose of teaching good social behaviors.
 10. That disciplinary measures should be progressive, corrective, and preventive, unless the safety of students is an issue.
 11. That disciplinary measures should be firm, consistent, and fair.
 12. That the disciplinary measures of the school should be a problem-solving process and should focus on the causes of the infraction and learning acceptable behaviors.
 13. That the assigning of disciplinary measures should be reasonable.
 14. That students who commit criminal acts should be administered measures that are severe and swift when the safety of the general school population is at issue.

School Jurisdiction

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds during, before, and after school hours.
2. On school sponsored transportation for all school-related activities and the regular school day.
3. On the school grounds, as either a spectator or a participant at any other time when a school group is using the school.
4. Off the school grounds at any school-related activity, function, or event as a participant or a spectator.
5. When a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school/staff; and
6. When a student is using school telecommunications networks, accounts, school-issued electronic devices, or other school services.

Student Expression

The Principal will maintain open channels of communication through which students may express their individual or group concerns and suggestions that will be formally and informally deliberated.

We sincerely believe that continued recognition of students' rights and responsibilities will develop within our youth a student philosophy that will nurture their internal strengths, will deter the influence, and spread of degrading attitudes, and will perpetuate the American ideal of a responsible, democratic system of government.

1. Assist the Principal and his/her staff in the operation of a safe and orderly school, where all students can learn and develop socially.
2. Respect and care for Academy property, materials, technology, equipment, and the belongings of others. Use school resources responsibly and help maintain a clean, safe, and orderly learning environment.

SECTION C: GUIDELINES FOR STUDENT BEHAVIOR

School leadership, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that the Academy is in session. Students are expected to be at school every possible day because they miss valuable instructional time and fall behind in their studies. Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

- It is the parent/guardian's responsibility to get their child to school.
- Missing just five days of school means 30 hours of missed instruction.
- Starting in kindergarten, there is a direct link between absences and reading level.
- One in ten kindergarten and first grade students is chronically absent.
- Students who are chronically absent are 7.5 times more likely to drop out of high school.

WHAT CAN YOU DO?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Do not let your child stay home unless he or she is really sick. A stomachache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.

- Talk to your teacher or Principal if you need additional help or resources

Parents are asked to call the school office to notify the school of their child's absence or to leave a message on the answering machine whenever their child will be absent from school. Parents are encouraged to notify the office manager prior to 9:00 AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Absences

Time away from school, just like time away from work for adults, is a precious and limited resource that must be actively and judiciously managed. Regular attendance is important both to preserve valuable instructional time, and to teach an essential life skill. All lost instructional time affects learning, which declines rapidly when ten percent lost learning time is approached. Total lost learning time (TLLT) includes full and part-day absences, late arrivals and early dismissals. Routine illness and appointments will be counted towards students' attendance. It is important to notify the attendance clerk of any absence to confirm the time away from school.

BHCSA expects an attendance rate of 90% or higher. This adds up to not more than 4 absences per quarter.

If a student accumulates 3 counted absences within the first 30 school days, or their attendance rate falls below 90% at any given point in the school year, our attendance team will send a first notice via email on file. This email will include resources for attendance improvement. Additional resources and support can be provided after determining the specific needs of families. Failure to comply and work to improve student attendance will result in a referral to the Berrien RESA Truancy department. After the first referral is made, families are responsible to contact the attendance team and set up a time to create an attendance improvement plan together.

When a student is absent from school for ten consecutive days without knowledge of the Principal, the student will be withdrawn from the Academy and the student's directory information will be reported to the truancy office of the intermediate school district and other state and local agencies. During the period of consecutive absences, the Principal and other support staff will attempt to contact the student's parent/guardian.

Absences not counted for attendance intervention: The following five categories should not be included in "days possible" when reporting:

- Snow days and other non-scheduled school closings.
- Medical absences. **Not intended for routine illness**, even if under a provider's care, but rather for very serious medical events, such as hospitalizations, these are absences ordered and documented, with hand signature, by a licensed health care doctor, with specific dates school must be missed for medical necessity. (This also includes significant life trauma, such as an immediate family member death, as confirmed and approved by appropriate school staff.) Blanket or "under the care of" excuses are not accepted as "medically absent" unless the student has an IEP or 504 plan specifically addressing the medical issue and approval of appropriate school staff. Routine illnesses are, just like for adults at work, counted absences. These are subject to review and approval by school professionals.
- Communicable diseases: follow the guidelines given by the Berrien County Health Department.
- Court dates: required court appearances for the student with court documentation, and

related detention.

- Suspensions and expulsions.
- Preplanned absences that would not negatively affect the student's learning and educational performance as determined by the student's teacher(s) and building administrator in consultation, **may be uncouped at the school's discretion.** *This would include assigned and required learning activities completed before and/or during the absence.* It often may also include a report and/or presentation to the class, with a grading rubric established at the planning stage.

Student Arrival and Dismissal

Doors open at 7:45 a.m for all students. Parents may circle through the parking lot and drop-off their children at the drop-off door of the school; children should proceed to their specific locations for Community Meeting. If you need to enter the building, you may park in the designated parking area and enter through the main entrance. Students who are leaving school at the end of the school day are to be picked-up at the end of last regular class time. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker and approved by the School Leader immediately after school or report to after school childcare (when available). Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after 8:15 a.m. Teachers are expected to begin opening exercises promptly and transition smoothly into instruction. A tardy student must report to the office upon arrival and provide written or oral reason from the student's parent. The School Leader, or his/her designee, will provide the student with a tardy pass to admit him or her to the class that is in session at the time.

A student who is tardy three times will receive a warning letter sent home to the parents for the parent's signature. If a student receives six unexcused tardies, an attendance intervention plan will be developed with the student, parent, and School Leader. Tardy students interrupt learning for other students.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

- 1) Serious illness (accompanied by a parent's note or written doctor's notice)
- 2) Death in the family
- 3) Legally required presence at a court proceeding
- 4) School sponsored co-curricular and extra-curricular activities
- 5) Religious observations
- 6) Severe weather, fires, family tragedies
- 7) Pre-arranged late arrival approved by the School Leader

When a child is tardy between classes, it is the responsibility of the student to receive a pass from the previous teacher. Teachers are encouraged to assist students in transition to the next class. Students arriving in the classroom after the start of class will be considered tardy. State guidelines require that all attendance must be documented and reported to the local Intermediate School District, including late arrivals.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Early Dismissal

Students are expected to attend school for the full day. On rare occasions, it may be necessary to pick your scholar up early from school. The parent is to notify the school in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others, nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

Material that reasonably leads the Principal or teacher to forecast substantial disruption of, or interference with, school activities or that endangers the health or safety of students.

1. Material that is libelous or slanderous - statements that are inaccurate or false statements that injure the person as to his or her reputation, cause personal humiliation, mental anguish, and suffering or other injuries.
2. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Michigan, the County, or the City of residence.
3. Material that is obscene as defined in the Michigan School Code, as amended.
4. Material, communications, and or actions that are considered to be bullying as defined in the Michigan School Code, as amended, and in Board Policy and administrative guidelines.

Distribution of Literature by Students and Nonstudents

The Principal or his/her designee shall coordinate distribution or display of literature by students enrolled in the school. The material must be approved by the Principal, must not be in violation of applicable Board of Directors Policy, and must bear the name of the sponsoring individuals or school organizations.

Prohibition of Harassment, Intimidation, and Bullying (cyberspace as well)

The Academy is committed to providing a safe, respectful, and orderly learning environment and will not tolerate harassment, intimidation, bullying (including cyberbullying), or hazing of any kind.

Bullying and cyberbullying are prohibited on school property, in school-related vehicles, at school-sponsored activities or events, and through the use of electronic communication or telecommunications devices owned or controlled by the Academy. Bullying or cyberbullying that occurs off school grounds but causes a substantial disruption to the educational environment may also result in disciplinary action.

Bullying includes any written, verbal, physical, or electronic communication, including cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more students, either directly or indirectly. Any reference to bullying includes cyberbullying.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Hazing is strictly prohibited. Hazing includes any intentional, knowing, or reckless act directed against a student for the purpose of initiation into, affiliation with, holding office in, or maintaining membership in any group, team, or activity, regardless of the student's willingness to participate. Hazing is prohibited under Michigan law (MCL 750.411t) and may result in school disciplinary action and referral to law enforcement.

The Academy implements Board Policy 5517.01, which establishes reporting and investigation procedures and provides for education and appropriate disciplinary action to prevent future incidents. Students and families are encouraged to review the policy, discuss it together, and promptly report any observed or suspected incidents to a teacher, administrator, or other trusted school employee. Academy employees are required to report suspected incidents in accordance with Board policy.

Violations of this policy may result in disciplinary action, up to and including suspension or expulsion. Conduct that violates state or federal law may also be referred to the appropriate authorities.

Anti-Bullying Policy

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors, and volunteers, is prohibited. All pupils are protected under this policy and, bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the ESP. Complaints against the ESP shall be reported to the Board. The school shall ensure the confidentiality for any individual who reports an act of bullying

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the

same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The ESP or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Academy may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The Principal is the school official responsible for ensuring that this policy is implemented.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The Principal, or the Principal's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed. Please note, however, that if the person reporting the act of bullying is the victim or his/her parent/legal guardian,

it may not be possible to address the behavior without disclosing the victim to the alleged perpetrator. The school will discuss this with the victim and victim's parent/legal guardian prior to any such disclosure. Such disclosure must occur prior to any victim-offender conference.

Notification

This policy will be annually circulated to parents and students and shall be posted on the Academy website.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

- Maintain satisfactory academic progress and classroom behavior as determined by school administration.
- Attend practices, meetings, rehearsals, and events regularly, arriving on time and communicating any absences in advance.
- Care for all school-issued equipment, materials, or uniforms and return them in good condition.
- Refrain from the use or possession of alcohol, tobacco, vaping products, illegal drugs, or other prohibited substances.
- Use social media responsibly and in a manner that reflects positively on themselves and the school.
- Treat fellow participants with dignity and respect. Bullying, hazing, harassment, or intimidation will not be tolerated.

Performance-Enhancing Drugs and Compounds

The use of performance-enhancing substances is prohibited and may affect a student's eligibility to participate in athletics and extracurricular activities. The current list of prohibited substances published annually by the Michigan Department of Health and Human Services (MDHHS) is included in the Athletics and Extracurricular Code of Conduct and is incorporated into this handbook by reference.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Parent Expectations

Parents and guardians play an important role in supporting extracurricular programs. Families are expected to:

- Encourage respectful behavior and positive sportsmanship.
- Support attendance and punctuality.
- Communicate concerns respectfully with the program sponsor or coach.
- Allow students to take primary responsibility for communicating with sponsors or coaches whenever appropriate.
- Follow the school's chain of communication if concerns arise.

Participation

Participation in extracurricular activities may be limited or suspended when a student:

- Violates the Student Code of Conduct.
- Fails to meet academic or behavioral expectations.
- Repeatedly misses required practices, meetings, or events without approval.
- Engages in conduct that negatively reflects on the school or the extracurricular program.

The school administration reserves the right to determine appropriate consequences based on the nature and severity of the violation.

Acknowledgement

Participation in school-sponsored extracurricular activities indicates that students and parents have read, understand, and agree to follow this Code of Conduct.

CLOSING

“The Code of Student Conduct—A Partnership in Responsibility” has been developed to communicate the responsibilities that all stakeholders share in ensuring every student a safe, secure place for learning. Our Partnership relies on promises kept, trust, good faith, and a commitment to the well-being of all students.

SECTION D: DISCIPLINARY ACTION

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When self-control falters and self-discipline fails, disciplinary action will be used to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The Principal will carry out a positive behavior intervention program to help children and families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Positive discipline can be a powerful tool for teaching students to succeed. Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion is considered, the Academy shall consider the following factors:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

Restorative Practices

If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

- A. Are initiated by the victim
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Permanent Expulsion by Michigan Law

Michigan law requires the Board of Directors to permanently expel a student who possesses a firearm, unless the student provides clear and convincing evidence that one of the following exceptions apply:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- (a) The firearm was not possessed by the pupil for use as a weapon, or for direct or indirect delivery to another individual for use as a weapon.
- (b) The firearm was not knowingly possessed by the pupil.
- (c) The pupil did not know or have reason to know that the firearm possessed by the pupil constituted a dangerous weapon.
- (d) The firearm was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

The law provides a process for parents/guardians to petition the Board for reinstatement of the student. The Principal will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Potential Permanent Expulsions

Michigan law requires the Board of Directors to remove a student who:

- 1. possesses a dangerous weapon in a weapon free school zone, unless the student meets an exception in the law as identified above for firearms,
- 2. commits arson in a school building or on school grounds, or
- 3. criminal sexual conduct in a school building or on school grounds, or pleads to, is convicted of, is adjudicated for criminal sexual conduct against another pupil enrolled in the school.
- 4. For students in grades 6 and above, Michigan law also requires the Board of Directors to remove a student who engages in physical assault against a school employee or volunteer.

The removal for these violations may be a permanent expulsion from all Michigan schools but does not have to be. The Board of Directors will consider the mitigating factors to determine what the appropriate discipline should be.

If a student is permanently expelled, s/he may not attend any public school in the state of Michigan for a specified minimum duration of time. The law provides a process and timeline for parents/guardians to petition the Board for reinstatement of the student. The Principal will provide the parent/guardian with procedures to petition for the student to return to school.

Parents/guardians should anticipate conditions for reinstatement being established.

Additional Mandatory Discipline

For students in grades 6 and above, Michigan law also requires the Board of Directors to remove a student who engages in physical assault against another student, bomb threat or similar threat. The removal may be either a suspension or expulsion but will not be a permanent expulsion. PLEASE NOTE: While an expulsion for one of these offenses is not technically a permanent expulsion from all Michigan public schools, please understand that the local school district may choose not to allow the student to enroll for the duration of the expulsion.

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

The purpose of disciplinary decisions is to develop self-discipline and social skills required for success in college and work. The positive discipline system is based on behavior intervention supports. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that deter teaching and learning.

If a student feels unsafe or threatened, the student or the student's parent/guardian is encouraged to contact the Principal immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction.

Educators must prioritize keeping students engaged in meaningful learning.

Various types of student misconduct are listed. The list is not all-inclusive, and a student who commits an act of misconduct not listed is still subject to disciplinary action.

Discipline Procedures

At all times when students are under school authority, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions

Disruptive student behavior is subject to disciplinary action by the teacher and/or Principal. Principal and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution, peer mediation, anger management, anger prevention, and social skills. Intervention strategies may include anger management and conflict resolution programs for parents. Community based services may be called upon when appropriate. Actions taken by teachers may include but are not limited to:

1. Daily/weekly progress reports for students and parents
2. Time out in the classroom or other secure, supervised area
3. Conference with the student
4. Oral and/or written reprimand
5. Detention during, before and after school
6. In school alternative with another teacher
7. Relocation to another classroom for a brief period of time
8. Relocation to blended learning environment
9. Conference with a parent
10. Consultation with a behavior specialist
11. School service assignment
12. Denial of participation in school activities
13. Give students a choice of consequences

A discipline referral should be sent to the Principal when the teacher has exhausted in- classroom actions and feels that the student's improper behavior cannot be corrected through classroom management practices without sacrificing safety and/or learning for other students.

After consultation with the student and the teacher (if needed), the Principal will determine the course of action required to provide a safe, secure school. Action taken by a Principal toward students who are disruptive may include but is not limited to:

1. A conference with the student and/or the parents
2. A verbal and/or written reprimand
3. Consultation with behavior interventionist, social worker, counselor, and outside agencies

The Principal, with approval of his/her supervisor, may request an emotional, behavioral, and/or chemical dependency evaluation and treatment and/or counseling recommendation with attention to applicable special education rights afforded children with disabilities.

Corporal punishment is prohibited by Michigan law and is not to be used in any situation.

Incorrigible Behavior

A child is incorrigible when the child repeatedly or habitually engages in unacceptable behavior as defined in the Code of Student Conduct and disrupts the school and or classroom to the extent that the Principal's and or teacher's authority is being challenged. Incorrigible behavior is defined by the Michigan Revised School Code as "persistent disobedience." Incorrigible behavior, and other patterns of behavior, may result in long-term suspension (more than ten school days) of a student from the Academy. Parents and adult caregivers enter a partnership in responsibility with the Board of Directors to cooperate with the Principal, faculty, and staff to demonstrate responsible behavior in situations involving their child. The Principal and faculty expect parents/caretakers to share responsibility for each student's responsible actions, academically and behaviorally and to enter a partnership in responsibility.

Patterns of Behavior:

Parents send and do not support their children at school.

1. Parent's low expectations: academic and behavior
2. Parent's reluctant to take responsibility for their own actions
3. Parent's bad-mouthing school and staff
4. Parent's being disrespectful to staff
5. Parent's failure to check in properly, disruption of classrooms, and assaulting employees
6. Parent's not volunteering and not having school's interests at heart
7. Failure of parents to cooperate with school in behavior improvement plan

 - b. Students having low expectations: academic and behavior.
 - c. Students reluctance to take responsibility for their own actions.
 - d. Students talking back to teachers.
 - e. Rude, disrespectful behavior that escalates into overly aggressive behavior.
 - f. Not following teacher directions.
 - g. Leaving classroom without teacher's permission.
 - h. Lying about situations.
3. Attitude of Learned Helplessness.

Definitions. Out-of-school suspensions are considered in the following classifications:

- **Short-Term:** Short-term suspensions occur when a student is suspended for one school day, up to and including ten (10) school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. The child's teacher may suspend him or her for one day or until a parent comes to school and holds a satisfactory conference with the teacher. The Principal can suspend a student for up to five days and for up to ten days with approval of the Principal's supervisor. The Principal or designee must provide the student and the parent/guardian with oral or written notice of the misbehavior and an explanation of the situation. The student will be given the opportunity to tell the Principal his/her version of the event(s). The Principal's decision is final and not subject to appeal. The parent shall be notified in writing of the action taken.
- **Long-Term:** A student can be suspended for more than ten (10) days but less than sixty (60) days following approval of the Principal's recommendation by the Board of Directors or its appointed representative. Long Term Suspension from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board. The Standard of review is the preponderance of the evidence, and the school is required by law to do what is in the best interests of the school. While a student's individual situation will be considered, the decision must reflect what is best for all students and staff.
- **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the Principal or his/her designee. Expulsion from school excludes the student from regular school attendance and participation in academy activities for the duration of the expulsion. An expulsion can be from sixty (60) schools days up to one hundred eighty (180) school days.
- **Notification:** A letter from the Principal or his/her designee will be sent to the student's parent(s) when the student is assigned detention or out-of-school suspension or is recommended for long-term suspension or expulsion. The suspension notice for *out-of-school suspension (ten or fewer days)* shall include at least the following information:
 1. Reason(s) for the suspension and date(s) of suspension are to be clearly stated
 2. A parent will be contacted to establish a date and time for a readmission conference with the Principal
 3. The student will not be allowed to participate in classroom and school activities during the suspension period
 4. The student is not to go on school property

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

5. Appeal procedures shall be clearly stated in detail.

The suspension notice for long-term suspension/expulsion (greater than 10 days) shall include at least the following information:

First Notice and Invitation to Meet

1. The reason(s) for a long-term suspension or expulsion are to be clearly stated
2. A parent should be informed that an investigation is being conducted by the Principal and what the most severe recommendation might be
3. A date and time for a conference is given when a parent, accompanied by the student, are invited to come to school for a conference with the Principal or designee and/or other advisors to present and hear information
4. The student will not be allowed to participate in classroom and school activities during the suspension; and
5. The student is not to go on school property or attend school activities.
6. Information about whether the student will be able to continue to complete homework during the suspension. This is never an option for an expulsion.

Following the conference, the Principal will review the facts with his/her supervisor, and they may decide to recommend long-term suspension or expulsion to the Board of Directors. The Principal or his/her supervisor will inform the parent(s) and student of the recommendation to reinstate with conditions, long-term suspension, or expulsion. If the Principal recommends long-term suspension or expulsion, the Principal or his/her supervisor will write to the President of the Board and send a copy of the notice to the parent(s) including at least the following information:

Second Notice to the Parent/Guardian of Recommendation to the Board of Directors

1. The recommended action and reason(s) for the recommendation are clearly stated
2. The right of the student and his/her parent(s) or guardian to a hearing before the Board of Directors or its designees for long-term suspension and for expulsion recommendations, including the time, date, and location of the hearing
3. The right to inspect the student's school records and related documents
4. List of all witnesses that may testify
5. The right to an adult advocate, including parents, other adult advisors up to and including legal counsel
6. Subsequently, the Principal will follow-up with the student and his or her parent or guardian of the time, place, and location of the hearing with the Board of Directors or its designee to ensure delivery of the notice and to respond to questions.

Students with Disabilities. Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended or expelled for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the Principal are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. Principal is responsible for consistency with specific special education procedures.

Principal may recommend a student with disabilities for long-term suspension or expulsion (greater than ten

days) by following these procedures:

1. The Principal will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the Principal has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
 - (1) if the student is eligible for special education services
 - (2) if the student is appropriately placed in a special education program; and
 - (3) if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent will be notified in writing of the time and place of the hearing and its purpose.
4. If a student with a disability is suspended or expelled, the school shall offer free and appropriate public educational services for the duration of the suspension/expulsion or until the student enrolls in another school.

Appeal Procedures

In-school Disciplinary Actions and Out-of-School Suspensions of Ten (10) School Days or Less

There is no right of appeal for discipline decisions of ten (10) school days or less. Nonetheless, should a parent disagree with disciplinary action of the school in these situations, the parent is encouraged to make an appointment with the Principal to discuss the decision. If the parent is still dissatisfied after meeting with the Principal, the parent may contact the Principal's supervisor in writing within three school days of the meeting with the Principal to provide the reasons the parent believes the disciplinary action is not warranted. The Principal's Supervisor's decision is final.

Expulsions and Long-Term Suspensions (more than ten days)

Long-term suspension of more than ten days and expulsion occur when the Board of Directors or a designee terminates the student's rights and privileges to attend school, including extra-curricular and co-curricular activities. Long-term suspension is for eleven (11) to fifty-nine (59) school days, while expulsion is for sixty (60) to one hundred eighty (180) school days. A permanent expulsion is for an indefinite period of time, the minimum of which is set by Michigan law. Reinstatement processes for permanently expelled students are outlined in Board Policy.

Following the Principal's recommendation for long term suspension of more than ten days or expulsion, the Board of Directors, or its designated representative, will hold a hearing within the ten days suspension period to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian must be notified of the allegation, the recommended disciplinary action, the time, date, and location of the hearing, and of their right to attend and participate in the hearing. Prior to the hearing, families will be given an opportunity to review all evidence as well as a list of all persons scheduled to testify.

If the hearing is conducted by the Board of Directors, the decision is final and not subject to appeal. If it is held by a designee or hearing panel of 2 Board members, the parent may appeal the decision to the Board of Directors as follows:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Appeal requests must be made in writing by the parents to the Principal within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the designee's decision shall be in writing and contain the reason the designee's decision should be reviewed or reconsidered. The parent/guardian is encouraged to provide the Board of Directors with any information that supports the parent/guardian's position.

All appeals of decisions by Board designated representatives shall be considered by the Board of Directors at its next regularly scheduled meeting. The Board shall make a final decision on the disciplinary action that is appropriate, and its decision shall be final.
